Gonski & Windang Public
Do you know what Gonski is?

A funding model based on need, delivered over 6 years – designed to bring every school up to a minimum resource standard.

Schools receive funding based on a variety of needs. These include; disabilities, learning support, low-socio economic, Indigenous, Non-English speaking, rural and remote locations.

So, even if your child is not in need, students in their class are, and the funding will in turn support all students.

The federal government has broken a promise and decided not to fund the 5th and 6th year – when the most funding is expected

For Windang Public School this means from 2014 – 2019 $705228.
